tasting notes:

The fruit for this 2023 No. 3 is from White Hutt in northern Clare Valley. On the nose, there are piercing aromas of lime flesh, white flowers, chalk and talc, crushed shells and brine. In the mouth, the wine is concentrated and plump, with an unending cascade of flavour. It has the density and gloss of residual sugar, though it doesn't have any (it's dry), but that complex viscosity and weight are here, and it's awesome. Hints of juniper berry, thyme and even rosemary are found through the finish. It's outrageous value. *Erin Larkin, Wine Advocate*
